

# 2003 FIRST HAWAIIAN CRUISE

In 2003 Kaiulani made her first crossing to Hilo from Astoria. Katrina was the ship's first officer and Martin was the cook, this being his first sailing adventure. The trip took 19 to Hilo, which is just one day longer than average for a Cascade 36. Because of school schedules, etc. Katrina and Martin flew home early leaving the captain to return single handed. The trip involved some interesting weather but was completed in 22 days which is the average return time for such a vessel.

This is a collection of pictures from the trip.
